

Chatham-Kent is a world-renowned destination for sport and game fishing in two of the most productive fresh water lakes.

Adventure-seeking anglers can navigate local waters or choose a charter service to show them the hotspots. Expert guides in Chatham-Kent are equipped to provide a memorable day on the Great Lakes and area bays. Operators provide half or full day trips and some will make all arrangements to ensure a relaxing experience.

On the western shore, trophy-size muskie is plentiful in Lake St. Clair, one of the last muskie lakes in existence. Anglers can fish in the openness of Lake St. Clair or in one of several protected tributaries. Charter companies fish for walleye, perch, muskie, and small mouth bass. In winter, ice fishing for perch, bluegill, and crappie is excellent off Mitchell's Bay.

Along the eastern shoreline, the world-class fishery that is Lake Erie is accessible from harbours in the scenic fishing villages of Wheatley and Eriau. Charter services operate on Lake Erie as well where walleye, the top game fish in Canada, are plentiful. Salmon and rainbow trout are also plentiful in these waters.

Most charter companies require advanced bookings.
